		8 mm	10 mm	12 mm	Total
1	YSR	289.00	175.00	0.00	464.00

- Godown wise details are enclosed in Annexure – I .

Terms & Conditions:

1. The above rate of **Rs. 59017.50/-** per one MT is inclusive of cost of Steel for all diameters, Loading, Transportation upto destination, unloading, stacking at site and all statutory levies including GST .
2. The supplies shall be completed by 10.04 .2024.
3. The Supplier shall furnish copy of GST Registration of Andhra Pradesh to APSHCL before commencing the supplies.
4. The Quantity of Steel supplied by the Company shall confirm to IS 1786-2008 standards of specifications and its amendments.
5. All steel bars shall be identifiable by marks/brands introduced during rolling which indicate the name of the manufacturer or their brand name. The brand name shall be embossed on each bar.
6. Each bar shall also be suitably marked with the BIS standard Mark.
7. The Company shall supply Steel bars of 8 mm, 10 mm & 12 mm in standard lengths of 12 meters length with bend condition.
8. Each truck load shall contain proportionate 8mm, 10mm & 12mm dia

steel bars allocated to the destination. Truck loads with single size diameter will not be accepted.

9. 98% of the cost of material of each Consignment will be paid after receipt of Steel in good condition by the consignee with due acknowledgement and after generation & approval of Material payment release order in the APSHCL website by the concerned APSHCL Officials in the Districts.
10. Retained 2% cost of Steel supplied will be paid after receipt of test reports of collected samples and on confirmation of quality of materials as per relevant standards.
11. If the Steel is not supplied as per specified conditions to the satisfaction of APSHCL, the APSHCL has right to reject and the cost of such rejection if any shall be born by the Company.
12. The weight recorded at weigh Bridge near the destination is the final weight for the purpose of payment. However, the company shall invariably mention no.of bundles along with number of pieces in each bundle mentioning size of Bars (vehicle wise) for the total bundles in the Invoice itself.
13. Testing of Steel:
 - a. The Testing of Steel will be done for the Quantity of Steel supplied for each consignment for each size of the bar for each District.
 - b. One Sample consists of 3 Bars of 1 meter length of each size.
 - c. 3 Bars shall be collected from 3 different locations i.e 1 bar from each location. The locations shall be selected randomly by the Project Director, APSHCL in the District.
 - d. The Project Director, APSHCL will give (5) days advance notice in writing to the Steel Company to depute their representative for collection of samples jointly by affixing their signatures. In case the Steel Company fails to respond to depute their representative with in 5 days, the sample will be collected by the APSHCL representative without waiting and the sample thus collected shall be deemed as jointly collected sample and the results of test so conducted on those samples shall hold good and final and the same shall be binding on both the parties.
 - e. The Company shall submit the test certificate of their laboratory along with each invoice.
 - f. The Steel will be got tested by the Project Director of APSHCL in the District in any of the following laboratories.
 - IIT, Tirupati

- NIT, Tadepallegudem
